

The Tilma of Tepeyac reliquary.

The shrine for the Tilma of Tepeyac reliquary was created to house the petitions of the faithful. Petitions that we receive will be transferred to a computer media card and placed within the cavity that housed the relic of the Tilma of Our Lady of Guadalupe during the AHR tour and remain there for one calendar year.

This reliquary held the relic of the Tilma that was venerated by over 150,000 faithful in 22 cities; including 6 Cardinals, 4 Archbishops, and 10 Bishops.

The relic was permanently enshrined in The Cathedral of Our Lady of the Angels in Los Angeles, Ca. on December 12, 2003. It is available for public veneration daily.

Cardinal Theodore E. McCarrick
